

# Aztec Group celebrates new beginnings at IFC6

**Aztec Group is delighted to announce its relocation to IFC6, the latest addition to the prestigious International Finance Centre (IFC).**

Occupying nearly 75% of the state-of-the-art, 68,000 sq.ft. Grade A office building, Aztec Group has established its new home directly west of IFC5, alongside the newly expanded Trenton Square.

Aztec Group Head of Jersey, Simon King, said: “We are excited to embark on this new chapter at Aztec. Our rapid growth to a robust team of almost 600 in Jersey necessitated a move to a modern office that aligns with our dynamic and collaborative work culture. Our deep-rooted local heritage and the reputation we’ve cultivated over the years are mirrored in our choice of this landmark space, signifying our commitment to the Island as we continue to expand our international footprint.

“I’d just like to take this opportunity to thank the many people who have worked tirelessly on this build project to enable us to call in the new year in our new space – it truly has been a team effort!”

The construction of IFC6, a project that has been eagerly anticipated, was executed by local contractor Rok Regal Construction, with funding provided by HSBC. The IFC buildings are synonymous with ‘super prime’ Grade A office spaces, setting a new standard for flagship office environments. They offer high-quality, adaptable, and sustainable workspaces, with the added benefit of natural light on all sides, enhancing employee well-being.

Aztec Group remains committed to flexible working arrangements for its team members, while also recognising the value of a thoughtfully designed office hub that fosters professional collaboration and social interaction.

Aztec Group Chief Executive Officer, Kathryn Purves, said: “We are delighted to welcome our team members to our new home at IFC6, a world-class office space that reflects our vision and values as a leading fund and corporate services provider. The space has been designed with our people in mind, to support their

wellbeing, collaboration and creativity. We are grateful for our loyal clients and partners, who have enabled us to grow and thrive in Jersey's dynamic financial sector, and we look forward to growing further in this vibrant and innovative environment."
