

Aztec Group launch 2019 infrastructure fundraising report!

2019 looks set to be a record-breaking year for infrastructure fundraising with USD 30.7bn already raised, but who are the GPs operating in this space, how are they deploying capital and what investor allocation trends are we seeing?

We've partnered with leading infrastructure news and intelligence platform, Inframation, to find out. Read our special report, which provides in-depth analysis and commentary on the current infrastructure fundraising and investment climate, [here](#).
