

Aztec Group named Best Fund Administrator in PE Wire U.S. Awards

Aztec Group, a leading fund and corporate services administrator, today announced that it has been recognized by Private Equity Wire as Best Fund Administrator - Overall in the publication's 2023 U.S. Awards program. Award winners were announced during an awards ceremony and networking event held at The Penn Club in Manhattan.

The Private Equity Wire U.S. Awards program was created to “recognize excellence among fund managers and service providers in the U.S. across a wide range of categories.” Within its service provider awards categories, firms are nominated based on a survey of more than 500 GPs and other key industry participants.

“Aztec Group continues to look for new ways to help private equity firms create value. From responding quickly to investment changes at fast-paced venture capital and mid-market firms to dealing with high volumes of transactions for institutional fund of funds, we’re a trusted partner for our private equity clients,” said Lynne Westbrook, Aztec Group’s Director – U.S. Private Equity. “On behalf of my entire team, I want to thank Private Equity Wire and its readers for choosing Aztec Group as 2023 Best Fund Administrator – Overall.”

According to Private Equity Wire, “Voting for the awards is conducted via an online poll of the entire Private Equity Wire userbase, where participants are asked to make their choice among the shortlisted firms in each category. The service provider categories span all the key areas of the broader private equity industry.”
