

Aztec Group's US business shortlisted for three Private Equity Wire US Awards

We are delighted to announce that our US office has been shortlisted in three categories at the Private Equity Wire US Awards 2023, which recognise excellence among private equity managers and service providers in the US market.

The categories we have been nominated for are:

- Best Fund Administrator - ESG
- Best Fund Administrator - Mid-Market & Emerging Managers
- Best Fund Administrator - Private Debt

The nominations reflect our commitment to delivering high-quality fund corporate services to our clients across the alternative investments spectrum, with a focus on the private markets, comprising Private Equity, Private Credit and Real Assets, alongside our ESG-related service proposition.

Our US business, which launched out of Philadelphia in 2021, was a landmark step on our journey to becoming a truly global provider. With a service model anchored by a commitment to be close to our clients, our decision to expand into the world's largest alternatives market, is based on a desire to deliver a seamless, relationship-based experience to the US market, leaning on more than two decades of specialist expertise in the private markets.

[Ore Adegbotolu](#), Head of US Markets at Aztec Group, commented: "We are thrilled to be shortlisted for these prestigious awards, which are testament to the success of our client-centered approach and market-leading technology. We are grateful for the trust and support of our clients and partners, and we look forward to continuing to build on our strong partnerships."

Our expansion into the US market has been driven by our clients' needs and expectations, and we have maintained our values and ethos of partnership, quality and innovation throughout. We are proud to have long-standing Aztec people

leading our US team, bringing decades of experience and knowledge to the region.

We would like to thank our clients and partners for their continued support and trust in us, and we look forward to the awards ceremony on October 12th, 2023.
