

We've made 137 promotions across all of our offices

We are delighted to announce 137 promotions across the Group.

This latest round of promotions brings the total number of people promoted during the last year to more than 220. Effective from 1 January, promotions have been made across all of our offices.

There have been four senior promotions to our leadership team:

In our Guernsey office, Chris Copperwaite has been promoted to Associate Director. A specialist in the administration of listed funds, Chris joined the Group in 2016 and has played a central role in the continued development and success of our listed fund offering. Chris' new role will see him continuing to lead the Group's dedicated listed funds team while actively growing our client base in this sector.

Chris Wills has been promoted to Associate Director in our Jersey Private Equity team. Joining the Group in 2015, he has been pivotal in growing the team that serves one of our largest clients, and now leads a team overseeing a diverse range of funds at varying stages in their life cycle. Chris is heavily involved in reviewing and developing the Private Equity team's control environment, and works closely with clients operating in the secondaries market.
