

# Digital Assets: How far off is a single operating model in private markets?

In the second part of our two-part Alternative Insight series on Digital Assets, Aztec Group's [Simon Ware](#), Product Associate Director, is joined by Design Lead at FundAdminChain and adviser to Schroders, Dr Ian Hunt, and Eran Fabian from Bite Investments, to cover the mainstreaming of digital currencies, and how far off a single operating model might be for private markets.

## During this episode they discuss:

- The future of digital currencies and tokenised assets as they become more mainstream
- The need for a single operating model that isn't product or jurisdictional specific
- How digital assets can evolve the investor experience and meet regulatory demands.
