

Aztec Group is the Fund Administrator of the Year 2015

British Private Equity Awards celebrate innovation and excellence in the industry, recognising commercial professionalism, innovative expertise and contribution to building British businesses.

The Judging Panel, made up of industry experts and chaired by Alice Murray, the Editor of *unquote*, reviewed the performance of all Fund Advisory category entrants during the past year before shortlisting us, Augentius and Langham Hall. The vote was then opened to the wider Private Equity community.

Once again, we demonstrated the merits of providing first class offshore and onshore outsourcing solutions delivered by our experienced client-centric teams and leading technology, carefully developed to address the needs of Private Equity Fund Managers.

Since last being recognised as the Fund Administrator of the Year, we have continued to evolve our service offering to meet the needs of Fund Managers and investors, formalising a four product outsourcing proposition to deliver a comprehensive range of leading services, including Fund Services, Corporate Services, Depositary Services and Advanced Portfolio Services.

In addition, we supported our existing clients through numerous fund launches and new office openings in the Netherlands and Sweden. We migrated multiple funds, supported new start ups across the network of our 6 onshore and offshore jurisdictions and strengthened further our 10 years' eFront expertise by building on our in-house team of Financial Systems specialists.

Recognising that the reason for our success is our people, we continue to place strong focus on our employee development across all jurisdictions, encouraging our staff to grow within their roles and work hard to offer them the tools to achieve this.

Alan Ross, Head of Private Equity Fund Services, commented, "We are delighted

that our efforts to lead the way in fund and corporate services have been recognised not only by our clients and business contacts but also by the wider industry. Our exceptional growth, unrivalled retention rates and industry recognition has always been down to the passion and determination of our teams. We are committed to supporting the British Private Equity industry by getting to know our Private Equity clients and delivering a service which adds value to their operations.”
